

CIM: LOCATING ITEMS, PASSAGES, AND RUBRICS

User Guide

CIM's **Item Central** is a repository within the *Assessment Admin* module from which users can create and manage items, passages, and rubrics. After locating and selecting items, passages, and rubrics from item Central, users can quickly generate assessments containing the selected resources. Items can also be assigned to a scoring rubric and aligned to a standard from Item Central. The repository is organized into three searchable tabs:

- *Items* – Search for items or questions. When you search for items, you also receive passages that are linked to the items.
- *Passages* – Search for reading passages that may be independent or linked to test items.
- *Rubrics* – Search for rubrics or the guidelines that are used to evaluate student performance on a test.

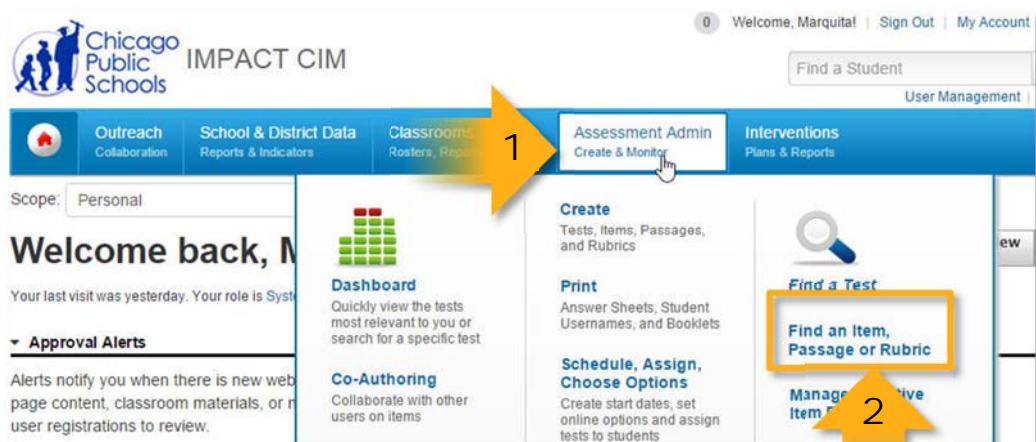

Navigate to Find an Item

1. Hover over **Assessment Admin** in the menu bar.

2. Click **Find an Item Passage or Rubric**.

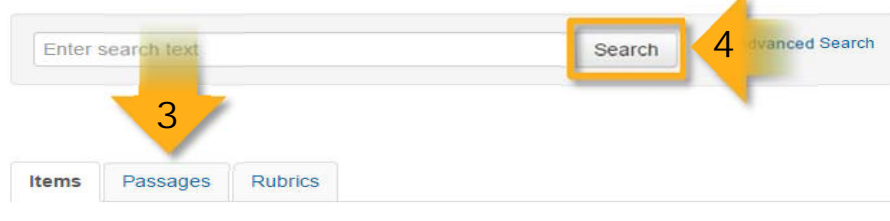

3. From the **Item Central** page, select the *Items*, *Passages*, or *Rubrics* tab (*Items* is selected by default).

4. Click **Search**.

The screenshot shows the IMPACT CIM dashboard. The top navigation bar includes 'Outreach', 'School & District Data', 'Classrooms', 'Assessment Admin', and 'Interventions'. The 'Assessment Admin' menu item is highlighted with a yellow arrow labeled '1'. Below the navigation bar, there are several sections: 'Welcome back, M...', 'Dashboard', 'Co-Authoring', 'Create', 'Print', 'Schedule, Assign, Choose Options', and 'Find a Test'. The 'Find a Test' button is highlighted with a yellow box and a yellow arrow labeled '2'.

Item Central

The screenshot shows the 'Item Central' search interface. It features a search bar with the placeholder text 'Enter search text' and a 'Search' button. The 'Search' button is highlighted with a yellow box and a yellow arrow labeled '4'. Below the search bar, there are three tabs: 'Items', 'Passages', and 'Rubrics'. The 'Items' tab is selected. A yellow arrow labeled '3' points to the search bar area.

5. If the search results contain more than 500 objects, click the **Open Filters** link.
