

Change to CPS Transfer (Withdraw/Re-enroll) Process

The CPS Transfer (Withdraw/Re-enroll) Process can **NO LONGER** take place on the same date in SIM; **dates must now be consecutive.**

- The **“Sending”** School is the school the student is leaving. The Sending School withdraws the student from their school, based on the last date of attendance submission for the student (to include suspensions, absences, etc.).
- The **“Receiving”** School is the school to which the student is transferring. The Receiving School re-enrolls the student into their school, based on the first date of attendance submission for the student.
